

## **Guidelines for Club Rashies**

### **How to Order?**

- Social Coordinator to check with your Cluster manager to see if there is a budget to do an order for your club rashies.
- Contact your chosen rashie supplier for a list of their colours/sizing on offer
- The committee can choose the colour of the rashie, but the Social Coordinator may also like to use this as an opportunity to consult with members and have them help to design and vote for what they like.
- Email club members and ask them their size. It is always good to order some spare ones, in the most popular sizes, so that you have them available for new members who start.
- Send supplier an email with details of the design. Below is a copy of our Rainbow Club Logo that you can send them.

### **What must be included on your Rashie?**

- Chlorine resistant
- Swim the Rainbow Logo, centre front of the rashie
- It is a good idea to have the rashies bright and multi coloured, as appropriate for Rainbow Club (eg. different sleeve colour)
- The front left hand side should have the club name under the Rainbow Club logo.
- The club name should be displayed across the back of the rashie- this is so if the member is swimming at the Family Carnival, the announcer can identify what club they are from

### **Cost of the Rashie**

- Rashies are high quality, and cost around \$35 each.
- We suggest asking the member to make a donation towards the Rashie, by giving a contribution. This contribution will go back into your club.
- Donations can be for what a member can afford, but we suggest a minimum of \$15
- Donations can be made to the Rainbow Club Bank Account;

Rainbow Club Australia

BSB: 062 – 000

Account: 1600 3587

Please email; [finance@myrainbowclub.org.au](mailto:finance@myrainbowclub.org.au) to notify us that members will be making donations so we can monitor payments.

Please ask members to put a reference of the initial of their child's first name, together with their last name, and Club against their payment (ie payment for Josh Strauss – JStrauss Sutherland)

### Where to order them from?

You can choose where to order them from, but we have used the following suppliers regularly.
